**To Whom It May Concern**

**The INDeX initiative by the SME Helpdesk within the Malta Employers' Association**

The Malta College of Arts, Science and Technology (MCAST) supports the INDeX initiative originated by the SME Helpdesk within the Malta Employers' Association (MEA), and believes that it is a beneficial idea allowing start ups and potential entrepreneurs to access a single point of reference portal and to understand better our local business ecosystem.

We consider INDeX as being a unique long needed tool and is confident that it is going to be the platform which every business entrepreneur or potential entrepreneur is going to make use of, and experience to the full.

We find this initiative appealing to young MCAST students and alumni having an entrepreneurial flair and eventually wish to transform their innovative and creative ideas into sustainable business ventures.

Regards,
